

Getting the support you need as a parent: Groups and Organisations **Harrow Families Information Service**

Harrow Families Information Service (FIS) is an impartial, free, and confidential service that provides information, advice and guidance on all registered childcare and early years education in Harrow. We also provide information on other services for children, families and young people. We provide information and advice for people who want to start a career in childcare either as a registered childminder, or setting up new nurseries or other childcare settings.

FIS holds a database with details of all the childcare providers in Harrow. This includes nurseries, children's centres, childminders, after school clubs, holiday play schemes and parent and toddler groups. We can also provide information about the different ways you can get help with the cost of childcare. Free access to the Internet is available via a computer in any Harrow Library.

Opening hours: Monday to Friday: 8.30am to 4.30pm (except bank holiday). At all other times you can leave a message on our voicemail and we will respond to your message as soon as possible.
